

Leaders in Catchment Geomorphology and Palaeoflood Hydrology

Delivering Solutions for better flood management

Two Innovative Short-Courses offered in
conjunction with FMA's Annual Conference 2018
in the Crowne Plaza Hotel Gold Coast

**MAY 28
2018**

Register at floodplainconference.com/registration.php

Short Course 1

Reading the Landscape for effective solutions to flood design, planning and emergency services

Learn to apply 10 key components of
geomorphology that will transform
how you understand floodplains for
management and emergency services.

DATE: Monday May 28th 9.00am - 12.30pm

VENUE: Acacia Room, Crowne Plaza Hotel
Surfers Paradise.

INVESTMENT: \$345 FMA Member
\$495 Non FMA Member
\$250 Student

Short Course 2

Reducing Uncertainty in Flood predictions using old flood deposits

Learn how to incorporate palaeofloods
into future predictions of flood frequency
and magnitude to transform your view of
flood risk.

DATE: Monday May 28th 1.30pm - 5.00pm

VENUE: Acacia Room, Crowne Plaza Hotel
Surfers Paradise.

INVESTMENT: \$345 FMA Member
\$495 Non FMA Member
\$250 Student

Both courses combined: \$650 FMA/\$900 Non FMA/\$450 Student
